

CUBBY HOUSE DESIGNS NEWSLETTER SEPTEMBER 2008

I can't believe I'm writing this newsletter and it's the middle of August. This year is just flying by and that means it won't be long before I can drag the Christmas decorations out and start decorating!!

Three weeks ago I packed up the cubby and headed off to the Melbourne Quilt Show. Boy what a four days, we were just flat out the whole time. On the Saturday my darling friends Coby came to help, a wonderful woman in her early 70's and we were so busy when I sent her home she nearly needed a Champagne IV to help her recover!! I took three days after getting home to be able to string a sentence together. It was a wonderful show, so great to catch up with so many friends who I only see once a year. The girls who come up from Laang, the angels who come down from Griffith and everyone in between I am extremely grateful for all your support and wonderful words of encouragement – THANK YOU!!

I released my new Christmas quilt "LARGER THAN LIFE" at the show and had trouble keeping up with the demand. This quilt would have to be my all time favourite, not only in the designing but also the making – it was sooo much fun. If you are interested in doing this quilt as a Block Of the Month please let me know as I am already nearly out of the border fabric. This quilt also comes with the bonus runner pattern so two for the price of one.

September – what a wonderful month, birds are singing, flowers are popping their little heads up and wonderful people are born that month – yes me. So I'm going to share my birthday month with you. Patterns will have 20% off (excludes Larger Than Life Quilt & Runner, Deer Oh Deer,

Merry Christmas Wall Hanging and Friends Gather) and any order over \$100.00 will receive a fabric pack to the value of \$10.00. Now to get these special you will have to either ring me or email me as the web site is not set up to handle the specials. So a great chance to get some specials.....

FABRIC PACKS – People always ask me where we get such wonderful fabrics from, well I hunt high and low for Christmas fabric only the best come to live at the Cubby and make it into our quilts.

Why not buy yourself a Fat 16th pack, you get 12 fat 16ths normally includes one black, one brown, one gold and a mix of red, green and blue. Buy a pattern and a fabric pack and get sewing! Or we can make 12 reds or greens or any colour you like. They sell for \$20.00 and a great buy I have seen them in other places for \$27.50 a pack. I will try and get some photos up so you can see other packs of fabric we have available.

Well that's it for now,

Happy Sewing
